Down To Business

Book Cover Packs:

Our book covers are traditionally sold in mixed packs. *Why?*

1. We have grouped our covers in age appropriate themed packs making it easy for customers to select covers for their child.
2. Mixed packs allow different cover designs to be chosen for specific subjects allowing children to easily identify their subjects books.
3. Packs allowing a retailer to have a higher item sale price.
4. Retailers are not left with a cover style that may not sell.
5. Retailers can have neat arrangements of cover packs.
6. Our packs identify unique features about our covers that cannot be expressed as a single cover ie: there is a game in every cover, 10% of our book cover sales contribute to educating children in the 3rd world.

Single Covers:

We have had requests by some of our customers for single covers.

Please note:

- Single covers with this symbol  **BARCODED PRODUCT** are barcoded. For all other single covers a barcode listing for easy scanning can be provided if required.
- Single Covers are not individually packaged.
- Single Covers are packed in 20 individual designs.

Why Sell Our Covers:

Are you sick of returns? Our covers do not split and the cover flaps do not pull away from the cover so no returns for faulty covers.

- Kids prefer our designs! They are cool. They have a game. They are brighter and more eye catching. Some even have optical illusions making the covers seem to move.
- They sell! It is pointless having the cheaper covers if they don't sell and sit on your shelf all year long.

NITTY GRITTY!

TRADE TERMS: First orders are placed on a pro-forma basis then 30 day accounts are offered after completion of 2 Kool 4 Skool's credit application.

Orders are shipped with Fastway Couriers to their serviced areas. For customers outside these serviced areas the cheapest most efficient shipping is sourced.
